—NOVEMBER 7, 1902—

The election in Christian county was very quiet and the total vote was less than 5,000, out of a possible 8,000. In Hopkinsville only 729 votes were cast out of 1,700. Only 1,050 were registered and a third of those failed to vote. In the fourth and eighth magisterial districts there were local fights and majorities were reversed. The fourth district, safely Republican, was carried by L. O. Garrett by 249 majority over H. P. Moore, Republican. The eighth district, Democratic last year by from 50 to 171, went for J. M. Clark, Republican, over L. B. King, Democrat, by 287 majority. The Republicans were well supplied with money in both districts. The Democrats had no organization worth mentioning. In fact the organization is very defective in the county. King is a member of the Democratic Committee and yet two out of the three committeemen in his own district worked against his election. Many of the Democratic committeemen, whose duty it was to look after the party's interests, failed themselves to vote. The Republicans paid but little attention to the county at large and a little work by the Democrats would have carried the county. The city went Democratic for the second time in succession and so did Pembroke. To the individual efforts of a few Democrats over the county is due the fact that the Republican majority was kept down to about 800. If challengers had been appointed in all the districts and workers placed at the polls, a much better showing could have been made.

Review of Reviews for November.

Social, economic and political topics largely dominate the Review of Reviews for November. The editor, in "The Progress of the World," gives an exhaustive review of the coal strike, while Mr. Walter Wellman contributes a graphic account of the settlement of the strike as viewed at Washington, and Mr. Frank J. Warne writes of "John Mitchell: the Labor-Leader and the man." Col. Carroll D. Wright, of President Roosevelt's arbitration commission, is the subject of a character sketch by H. T. Newcomb. Mr. Charles A. Conant writes on "The Growth of Trust Companies;" Prof. J. W. Jenks on "Self-Government in Oriental Dependencies;" and Arthur Wallace Dunn on "Government in the Philippines, 1898-1902." Shall there be a Two Years' College Course? is made the subject of an interview with President Butler, of Columbia, whose recent discussion of this topic in his annual report has awakened wide spread interest. Dr. Albert Shaw gives a most interesting account of A Successful Farm Colony in the irrigation country—a Salvation Army enterprise. Variety is given to the number by the inclusion of literary articles—a study of The Rise of the Nature Writers, by Francis W. Halsey, illustrated with portraits; and an unsigned paper on the late Emile Zola.

Mr. George Baker and Miss Georgia White were married Wednesday, near Haley's Mill, by Esq. N. O. King.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Get the Most Out of Your Food

You don't and can't if your stomach is weak. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.

Among the signs of a weak stomach are uneasiness after eating, fits of nervous headache, and disagreeable belching.

"I have taken Hood's Sarsaparilla at different times for stomach troubles, and a run down condition of the system, and have been greatly benefited by its use. I would not be without it in my family. I am troubled especially in summer with weak stomach and nausea and find Hood's Sarsaparilla invaluable." E. B. HICKMAN, W. Chester, Pa.

A Violent Attack of Croup Cured.

This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by R. C. Hardwick.

YOUNG BRIDE

Gives Up Husband, Rather Than Live in Wyoming.

Pond River Hills More Attractive Than Geysers of Yellowstone Park.

Mich Grace, a mill hand living near Carl, has returned from Yellowstone Park, in Wyoming, after a month's sojourn in the great West. He comes back satisfied that there is "no place like home."

Incidentally he brought back with him his married daughter, Mrs. Wm. Bircher, whose husband persuaded him to go West.

Last summer a stranger named Wm. Bircher came to the Carl neighborhood, it is said as a Mormon missionary, but this is not admitted. He became a suitor for the hand of Miss Addie M. Grace with such success that on September 16 they were married. Bircher then induced his father-in-law and his family to go with him to Wyoming and all left soon afterwards. Arriving at Yellowstone Park Bircher and Grace secured work with a sawmill, but Grace yearned for his "old Kentucky home" and Mrs. Bircher also became dissatisfied and agreed to return with her father, leaving Bircher behind. Finally Bircher, at the demand of Grace, gave the latter \$100 to assist in bringing the family back to Kentucky and they in due time returned. Miss Grace was a young woman of good character and so far as known Bircher made no misrepresentations. It is not known whether or not Bircher will come back to Kentucky to join his wife, but he will have to give up Wyoming to regain his bride.

NEXT MONDAY NIGHT

Date of Hon. Henry Watterson's Lecture Here.

In the presence of one of the largest gatherings ever assembled in the hall of the Young men's Christian Association at Atlanta, Hon. Henry Watterson, of Kentucky, delivered his famous lecture on Abraham Lincoln. It was a masterpiece of eloquence and frequently during the delivery of the lecture the feelings of the audience mounted to the highest pitch of enthusiasm. * * * As the graceful figure of the eloquent son of Kentucky appeared in full stature before the audience he was greeted with loud and prolonged applause. In the audience were many of Atlanta's foremost citizens. All professions were represented and the audience itself, representing every phase of political thought, was a splendid ovation to the speaker.—Atlanta Constitution.

"Abraham Lincoln" will be the subject of Mr. Watterson's lecture at Holland's Opera House Monday night and the audience on the occasion will doubtless be one of the largest of the season.

Wanted, 4 dozen Leghorn hens or pullets. Crossed stock will do. Apply here.
